

## IAI EDUCATIONAL CONFERENCE ADVANCE PROGRAM INFORMATION

### ATLANTA, GEORGIA WORLD CONGRESS CENTER AUGUST 6 - 12, 2017

The IAI annual educational conference is the most comprehensive opportunity in the world for forensic physical, pattern and crime scene evidence hands on training and professional development.

Attendees will have the opportunity to attend a **full week of professional, scientific and technical lectures** in the disciplines of Biometric, Bloodstain Pattern, Crime Scene, Digital, Facial Identification, Footwear and Tire Track, Forensic Art, Photography, Podiatry, Ten Print and Latent Print Evidence.

In addition to the multi-track lecture series, there will be approximately **80 hands-on workshops** available for advance registration that will provide opportunities for attendees to receive training in specific techniques. Certificates will be provided upon successful completion.

The professional development opportunities do not end with the lecture and workshop series, the IAI conference is the best place for experts in the fields of crime scene and pattern evidence to keep **informed of the latest issues in forensic science, quality assurance and standards developments, and to participate in the most comprehensive forensic certification program in the world.**

A complete list of the specific lectures, workshops, panels, meetings and certification testing will be available on the IAI website ([theiai.org](http://theiai.org)) in April 2017. Meanwhile, if your planning purposes you are interested in additional information please do not hesitate to contact me at 907-242-0229 or [iaiadplanner@gmail.com](mailto:iaiadplanner@gmail.com).

Sincerely,
