

Forensic Chemist

Highlights:

- Dynamic forensics team with many opportunities CONUS and OCONUS
- Work with other forensic experts in various fields to support global forensics and biometrics labs both in the US and OCONUS.
- This contract supports the overall Identity Management concept within the military services
- Obtain some or enhance your experience working in a fully-functional government laboratory working closely with other forensics experts.

Tasks:

- Perform examinations to identify if substances are drug, explosive, or other.
- To determine a substance composition, mixtures, and origin, weigh, sample, and analyze the substance making comparison against a known library of chemical results.
- Utilize lab equipment, such as chromatographs and spectrometers to assist in the examination of captured material.
- Perform administrative and technical reviews of reports and worksheets.
- Prepare written results suitable for intelligence or prosecutorial packages.

Required Qualifications:

- Four (4) years of lab experience conducting visual, physical, chemical, photographic, and other scientific and instrumental examinations of complex submissions of physical evidence. Ability to be cross trained to conduct the above described examinations on both explosive and drug samples. Working knowledge of biochemistry, toxicology, and other chemistries of toxic and hazardous materials, their chemical and physical transformation and the chemistry of the resulting products. Experience conducting examinations while maintaining chain of custody and formulating interpretation results for forensic and/or intelligence exploitation. Experience with administrative and technical review (AR/TR) lab procedures. Experience performing quality checking of instruments and reagents. Experience with X-Ray Fluorescence (XRD), DNRf. Experience with utilizing and submitting to national databases. Proficiency working with chemistry analytical methodologies such as Gas Chromatography (GC); ultraviolet, infrared, and mass spectrophotometers; Polarimeters; and microscopes.
- US Citizen
- Able to obtain a US Secret Clearance and US Passport (those who already possess US Secret Clearance and passport preferred).
- Meet government requirements for medical fitness
- Work: Rotate between normal CONUS 40hour work schedule in Atlanta and an OCONUS work schedule up to 84 hours/week.
- Attend pre-deployment training
- Able to lift 70 lbs. to a working height of 48 inches
- Able to perform general office and laboratory duties/functions

US Clearance: Current US Secret Clearance

HQ Location: Arlington, VA

Work Locations: Atlanta, GA and OCONUS
