

Sr. Latent Print Lead

Highlights:

- Dynamic forensics team with many opportunities CONUS and OCONUS
- Work with other forensic experts in various fields to support global forensics and biometrics labs both in the US and OCONUS.
- This contract supports the overall Identity Management concept within the military services
- Obtain some or enhance your experience working in a fully-functional government laboratory working closely with other forensics experts.

Tasks:

- Process evidence to determine the presence of latent fingerprints using any documented wet and dry laboratory process at its location.
- Processing methods include, but are not limited to, Cyanoacrylate fuming, stickyside paste, dyes, specialized lighting sources, conditions, and magnification.
- All latent prints discovered shall be marked in a non-destructive manner.
- Examine the photographic image and determine whether the print has sufficient quality to make a comparison, and/or to submit to databases like the Automated Biometric Identification System (ABIS).
- This determination shall be in accordance with documented criteria.
- Perform examination comparisons and verifications of latent to latent and latent to known prints.
- In performance of these duties the Contractor must have 20/20 vision or correctable to 20/20 vision corrective lenses and no detected color vision deficiencies.
- Perform administrative and technical reviews of reports and worksheets.
- Prepare written results suitable for intelligence or prosecutorial packages.

Required Qualifications:

- Eight (8) years of experience working in a lab performing Latent Print examinations and analysis on all types of materials to include porous, non-porous, and semi-porous materials. At least one (1) year of experience in managing and leading Latent Print lab personnel and procedures. Experience using chemical, physical, and digital latent print examination techniques to produce a suitable print for matches and submissions to a database. Experience conducting comparisons with latent and known exemplars. Experience conducting examinations while maintaining chain of custody and formulating interpretation results for forensic and/or intelligence exploitation. Experience with administrative and technical review (AR/TR) lab procedures. Experience performing quality checking of instruments and reagents. Have 20/20 vision or correctable to 20/20 vision with no detected color vision deficiencies Professional certifications such as International Association of Identification (IAI). Experience utilizing and submitting to ABIS, AFIS, and/or other national databases.
- US Citizen
- Able to obtain a US Secret Clearance and US Passport (those who already possess US Secret Clearance and passport preferred).
- Meet government requirements for medical fitness
- Work: Rotate between normal CONUS 40hour work schedule in Atlanta and an OCONUS work schedule up to 84 hours/week.
- Attend pre-deployment training
- Able to lift 70 lbs. to a working height of 48 inches
- Able to perform general office and laboratory duties/functions

US Clearance: Current US Secret Clearance

HQ Location: Arlington, VA
