Job Description: This position is located in the Department of Forensic Sciences (DFS). The mission of the DFS is to provide high-quality, timely, accurate, and reliable forensic science services using best practices and best available technology, focusing on unbiased science and transparency, to enhance public safety and health.

The mission of the Forensic Intelligence Unit is to coordinate evidence testing, ensure efficient use of the District of Columbia (DC) Department of Forensic Sciences (DFS) resources, and maintain open communication with the DC public safety and criminal justice community.

The incumbent oversees the FIU operations; plans and manages daily activities as well as programmatic and operational functions; and ensures accurate and timely coordination of forensic requests for services from all DFS customers. Assesses staff capabilities, training needs, equipment, and resource identification; quantity and quality of work product; opportunities for improvement; and periodic employee performance in accordance with DC government guidelines while maintaining effective communication with subordinates and providing an atmosphere for professional development.

To Apply: To be considered for this employment opportunity, you will be required to submit a formal application. Please visit the DC Careers website at: <https://careers.dc.gov> (reference Job ID #31778). We look forward to reviewing your application!
