

2019 STUDENT POSTER PRESENTATION INFORMATION

Sponsored by

The International Association for Identification is the largest forensic organization in the world for crime scene and physical evidence professionals. The 104th IAI Educational Conference will be held August 11-17, 2019 in Reno, Nevada. Students have the opportunity to participate in the poster presentation. All posters will be vetted through a subcommittee of subject matter experts prior to the conference. Please see details below for more information.

- Submit poster proposals on line by May 31, 2019. Submit poster proposals on line using the link on the homepage of the IAI website www.theiai.org
- Acceptance notifications will be made approximately 30 days after submission.
- Research projects in the forensic fields of crime scene processing and collection, latent print, footwear or tire impression, biometrics, bloodstain pattern, facial identification, forensic art, DNA and general forensic topics are welcome. Posters may also demonstrate a process, present an unusual case or include items of historical interest. Other topics may be accepted on a case by case basis.
- The poster session is Tuesday evening of the conference week. During the session the student will be expected to stand by their poster and answer questions posed by conference attendees and judges. No formal presentation is required.
- Audio/video equipment and other electrical components will not be provided for the poster presentations. A 4' X 8' board will be provided for display of each presentation. Posters will be on display until Thursday of the conference. It is the responsibility of the presenter to ensure his/her poster is picked up the end of the day on Thursday.
- The student poster presentations are generously sponsored by Ideal Innovations, Inc. (I3) who will provide select scholarship prizes.
