

Intermediate Biometrics SME (Face & Iris)

What We Do

Ideal Innovations, Inc. (I³), a Northern Virginia-based consulting firm with worldwide operations provides cutting-edge solutions to government and private industries most urgent technological, scientific, managerial and security requirements. The company provides out-of-the-box solutions to difficult technical problems. Since its founding in 1998, it has experienced rapid growth due to its ability to respond rapidly and comprehensively to emerging client needs.

Duties:

- Develop and maintain biometric examiner Standard Operating Procedures (SOPs) and processes and related materials for modalities other than fingerprints including face and iris
- Research and analyze current multi-modal studies, issues, emerging trends, technical advances, examiner tools, and best practices, etc. as it relates to human examination and processes
- Attend meetings, briefings, and informational sessions to provide subject matter expertise in the areas of biometric examinations and provide minutes/recommendations from meetings
- Recommend enhancements to improve multi-modal data integrity to include newly created or improved existing processes, procedures, technical enhancements, resource requirements, and stakeholder engagement procedures for data correction, analytic projects, and report generation.
- Conduct workload trend analysis on Biometric Examiner Services
- Establish and maintain a Quality Assurance program

Requirements:

- 3-10 years of experience in the review, analysis and comparison of face and iris images
- Bachelor's degree
- Experience in the review and evaluation of identity data contained in large Federal identity information databases
