

Forensic Latent Print Examiner - Raleigh/Wake City-County Bureau of Identification, NC

Primary Duties Include:

- Uses scientific methodology (ACE-V), links the evidence, records the results and testifies to those results in court
- Operates the automated fingerprinting identification system
- Plots ridge characteristics within the latent to create data that can be matched or compared with known inked print data in the computer
- Maintains scientific and laboratory standards.

About CCBI

The Raleigh/Wake City-County Bureau of Identification was established by the North Carolina General Assembly in 1937 in an effort to provide for the better enforcement of the criminal laws in Wake County. CCBI is a specialized fingerprint identification bureau that functions as an independent criminal justice agency serving all law enforcement agencies having jurisdiction in Wake County. CCBI's mission is to continuously strive for perfection while setting the highest standards in crime scene investigation, forensic analysis of evidence, and collection of criminal arrest information. CCBI is comprised of approximately 80 full-time employees divided into three divisions: The Investigations Division, the Crime Laboratory Division, and the Identification and Records Division. The Investigations Division's responsibility is to provide crime scene investigation services to law enforcement agencies within Wake County. The Crime Laboratory Division is responsible for the forensic analysis of evidence including latent print examination services, firearms examinations, controlled substance analysis, DWI blood drug/alcohol analysis, digital evidence examination, photographic services, and facial recognition examinations. The Identification and Records Division is divided into a Civil Identification Unit and a Criminal Identification Unit. The Civil Identification Unit is tasked with fingerprinting for concealed handgun permits, sexual offender registration, and applicants seeking employment. The Criminal Identification Unit is responsible for the identity verification, collection of fingerprints and photographs, and the collection of statutorily required DNA

collection kits upon all individuals arrested in Wake County for offenses authorizing such collections. For more detailed information regarding CCBI and the services provided, please see our website at the following address: <http://www.wakegov.com/ccbi/Pages/default.aspx>.

The Basics (Required Education and Experience)
