

**Subject: Forensic Science Caucus Grass Roots Effort**

The CFSO is requesting that you do the following to have your member of the House of Representatives join the forensic science caucus. This is important so we can educate them on forensic science issues in a very effective way. They also show their support for forensic science by joining the Caucus:

- 1) Use the below linked list (one version xls and one pdf) to find your member of the US House of Representatives and find the staff member covering Justice issues for the Congressional Member:
  - <http://thecfso.org/wp-content/uploads/2025/06/List-of-119-Congress-Contacts.xlsx>
  - <http://thecfso.org/wp-content/uploads/2025/06/List-of-119-Congress-Contacts.pdf>
- 2) Use the below linked letter to ask the staffer (via phone or direct email) to have their office (the Member of Congress) join the House Forensic Science Caucus:
  - <http://thecfso.org/wp-content/uploads/2025/07/Caucus-Letter.pdf>

\*\*A note that if you call the Congressional Office, you will be getting a front office staffer that will not be able to do anything about this. You really need to get to the Justice staffer to make this happen. You can get the name of the staffer from our list, or you can ask the front office staffer for the name of the “Justice” staffer at the office
