

Course Title:

RS&A ONLINE – Essential Camera Operations and Controls

Course Details:

16 Hours | \$350.00 | 30 Day Access

Course Instructor:

Scott Campbell, CSCSA

Course Description:

This essential online course is designed for anyone who wants to learn more about the operations and controls of a digital camera. You will learn what the various controls do, and more importantly, why you use them or one versus another.

Even though the course is all about the "essentials", you will be learning some complicated subject areas. Even if you have been using cameras for some time, I believe you will benefit from this course and gain a better understanding of things like:

- Proper camera set up procedures
- Exposure compensation
- Depth of field issues
- Lens distortion
- The exposure triangle and use of reciprocity

IAI Cert Board Approvals:

Latent Print Certification Board: 16 Hours Certification and Recertification Training Credits

Footwear Certification Board: 16 Hours Recertification Training Credits

Forensic Photography Certification Board: 16 Hours Certification and Recertification Training Credits

Crime Scene Certification Board: 16 Hours Recertification Training Credits
